EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1: On line 14: delete "said" and substitute --a--.

Claims 1-4 and 10-25 are allowed. It is noted that the above amendment was needed since there was no antecedent basis for "said collar" on line 14 of claim 1.

The following is an examiner's statement of reasons for allowance: None of the prior art, alone or in combination, teaches the Applicant's invention of an instrument comprised of a stick-like object receiving member structured as claimed and positioned in a casing structured as claimed whereby an air passage structured as claimed is present. It is noted that independent claims 1, 10 and 18 all are considered to claim the combination of a receiving member/receiver and a stick-like object/eraser.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David J. Walczak whose telephone number is 571-272-4895. The examiner can normally be reached on Mon-Thurs, 6:30- 5:00.
